

WALKERS ARE WELCOME
Annual Accreditation Review - feedback sheet
January to December 2017

Annual Accreditation Reviews are assessed by WaW mentors using a traffic light system. See *the key below*. The mentor should add a colour (green, amber or red) against each numbered item, then an overall colour at the bottom, taking into account the importance of the different categories. Overall colour amber or red contact national committee for advice.

1	Well done, no real concerns, but of course there is always room for improvement!
2	Some concerns, mentor to offer help or guidance and monitor progress
3	Major concerns, will need support to get back on track if the town is to remain a member.
